Summary: This is my first work done, just some fiction I wrote during my free time. Oh, and English is not my first language since I'm Korean, so there might be some minor (or major) grammatical errors in this story.

Love in Mischief

I don't own any rights from HTTYD (Including Characters, BGM, OST, and etcâ€¦.)

This is my first work done. Not much of a story though. You will see some grammatical errors and literacy problems here cause English is not my first language (instead Korean is my first one). Anyway I am do sure that you are gonna skip this so let it begin. Before that, it's kinda late though but, HAPPY LUNAR NEW YEAR!

It is beautiful morning in 'Berk'. Well, almost beautiful morning in 'Berk'. It is winter in 'Berk'. Judging from the location (It snows 9 months and hails the other 3) it is terrible winter. Since 'Hiccup' said "winter on Berk lasts most of the year it hangs on with both hands and doesn't let go." It is sure that winter in Berk is nasty. It snowed during the night so; it was freezing and icy as 'Skadi's breathe. Wait ice? Looks like our Hiccup's going to have hard time with his legs. Since the battle with 'Red Death' he had prosthetic foot on at left leg, making him harder to walk around the whole place. Anyway inside Hiccup's (or Chief Stoick's) house, at Hiccup's room, Hiccup was having a journey to undisturbed and peaceful dreamland till' Toothless woke him up.

"Hey bud," Hiccup said while getting off his bed, "Did you get good sleep?"

Toothless gave Hiccup a big nod and he helped Hiccup from getting off.

"Thanks bud. Let's go for morning ride."

And Hiccup grabbed his fur made coat, (which I didn't see any of them wearing it, in animated series or the movie, although the weather setting is snowy or cold day) and his bag and went outside from his home.

"Brrrâ€¦. Looks like it snowed hard last night. You think you can handle it?"

As soon as Toothless heard that, he stared at Hiccup and gave him 'Of course I'm ready' face. Hiccup got on to Toothless and then took off in a great speed and fly to the shores of Berk.

Meanwhile Astrid was waiting for Hiccup, where they were supposed to meet for their Morning Flight. She was okay at first.

"Maybe he overslept this morning. I'll just wait for him for few seconds and he will show up."

While her Deadly Nadder gave Astrid some doubtful look and squawked, Astrid kept on waiting for Hiccupâ€¦. But as time passes she grew anxious.

"Did he forget about our meeting this morning? Is he ever going to come?"

Once again her Deadly Nadder tilted her head to side and gave Astrid doubtful squawk.

Few minutes laterâ€¦..

"If he's gets here I'm going to throw this axe to Toothless, and beat him to death!"

Now Astrid's anger has enraged from deep inside her heart, she was about to destroy anything in front of her, until she heard something from behindâ€¦

"Ummmâ€¦. Astrid? I think you shouldn't beat me up to death since I was here way before you said thatâ€¦"

Astrid turned around in surprise. It was Hiccup and his dragon, Toothless behind her this whole time.

"Hiccup! When did you arrive here?!" Astrid shouted in her angered tone.

"Uhâ€¦ Before you said 'Maybe he overslept this morning'? I was wondering if you are ever gonna notice me."

"Well, next time, if you arrive, just acknowledge me by just saying hi? Or so. Do you know how cold it was, waiting for you this whole time?"

"I'm sorry that I made you to stay out here for long time. But I brought you something."

Hiccup handed Astrid her new saddle for her Nadder.

"This is your new saddle. This one's gonna be more comfortable and warmer than the last one. I revised the design and added the fur on top of it"

After Astrid heard that, her anger has reduced, that she almost forgot about being angry at Hiccup. Wellâ€¦. Almostâ€¦..

Astrid wrapped her arm around at Hiccup's neck and gave Hiccup a big hug.

"This is for making me a new saddle."

Then Astrid pulled away and punched him at his left shoulder.

"And this is for making me look like an idiot, waiting for you."

End
file.
